

CATERING MENU July 2009

catering menu is based on experience of providing the Atlanta Metro area with the finest smoked meats a.k.a. “BBQ”. We use high quality products such as certified Angus beef, organic if available, which are sourced from our purveyors and farmers. We are also very proud to say we smoke our meats daily.

Single meat and two meat orders are based on half pound consumption per person. Pint size sides generally feed 2 people. Quart size sides generally feed 4 people. Sides are also available in half pan portions ( approx. 4quarts). Any party over 8 people we recommend using half pan portions. Furthermore we suggest not more than 4 sides per party.

We recommend 1 quart of sauce per 8 people. Generally speaking we recommend mild sauce compared to hot sauce at a 2:1 ratio.

kindly ask for 24 hour notice on all parties 10 or more. You may reach us at:
